REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING AUGUST 14, 1851

REMARKS.-The rivers continue extremely low, but not quite so much so as a week ago. We have advices from Fayetteville to 13th inst., P. M. There was 20 inches water on the shoals, and our lightest draught boats would be able to get up, with lighters conveying merchandize for the interior, and probably return with light loads of up-country produce. This latter, however, is not certain. Generally business continues dull, owing to the searcity of produce. But at this ceason of the year not much animation is looked for. A few weeks more will drive away the dreary season, and our town will again make a more formidable appearance. Our mer-\*All Editors of Newspapers, and others disposed to ad- chants are many of them already at the North, selecting their

Bacon-The stock of North Carolina and Western cured bacon has become light; the first very much so, though prices have not advanced. 3000 lbs North Carolina hams sold yesterday at 124 cents per lb. There is but very little in factor's hands. Western cured is firm at last week's figures. BEEF CATTLE-This market is not very abundantly supplied, and most of the beeves that are brought in is only of an ordinary quality. Prices remain about the same as quoted for some time back.

MUTTON AND LAMBS-Our market has been furnished with some very good of both qualities, and sales per head, on the hoof, at \$1 to \$1 50.

COFFEE. - Inactive and sales from store at previous rates. Conx-The stock of corn in dealers hands has been materially reduced since our last report. There has been no arri- of his front teeth a little decayed, and is a carpenter by trade val during the week, and consequently we erase our quotascarce. 50 bushels received a day or two since sold at 85 him. cents per bushel. Retail price 90 to 95 cents per bushel. Eggs-This market is not very abundantly supplied, and

FLOUR-Quotations firm. Sales light. No Fayetteville brands in market.

LARD-1000 lbs. of North Carolina Lard, in barrels, fetch ed 124 cents per lb. The article continues scarce with considerable enquiry for it. LIME-None received this week.

LUMBER-River wide boards and scantling are in demand. we are unable to give a quotation.

Molasses-The balance of a cargo received some weeks since, and all that appeared to be actually upon the market.

has been disposed of, 15 hhds. of which went off at aucton. to close the sales, at 15 a 161 cents per gallon, it being tart. The receipts continue light, and none received by water from yellow, and \$2 60 for virgin dip, being an advance of 10 cts. per bbl. The sales previous and since have all been made at our last week's figures, viz: yellow dip at \$2 20; virgin do. at \$2 50 per bbl. of 280 lbs. The sales of the week foot up about 2,700 bbls. Spirits Turpentine .- About 700 bbls. of this article has changed hands since our last week's review, at 26 cents per gallon, at which price the market elesed this day week. 362 barrels of the above estimate chancash prices. Orders by mail or otherwise will be strictly and ged hands this morning. The market appears to be settled 90 cents; and 1,700 at 95 cents per bbl. Market not considered firm. Tar .- A small lot-250 barrels-reported to be inferior, fetched \$1 30 per bbl.

OATS-None received this week. POTATOES--The new crop of Irish Potatoes has about all been brought in, and prices are nominal. The new crop of Sweet Potatoes begins to arrive somewhat freely, and sales in the small way at \$1 per bushel as they arrive. The crop Outside Fishing Stand, at Deep Inlet, opposite Wrightsville. we learn bids fair to be abundant.

PEAS-None received since last report. Stock in dealers handsfair. Retail price from store 90 to 100 cents per bushel. Peaches-Our market is furnished with a very splendid quality of this delicious fruit, at from 75 cents to \$1 50 per | det and Directors, payable to the stock holders or their lebushel, according to quality. The best we have seen come gal representatives, on and after the 18th, instant. from up the Railroad, about Goldsborough. They were no-

POULTRY-A fair quantity of chickens have been brought in this week, and prices fully maintained. SHINGLES-Some small sales of heavy Cypress Shingles

have been made at \$3, and small sales common do. at \$2i to \$2 50 per M. The receipts have been light. STAVES-A small lot inferior White Oak barrels Staves

brought \$15 per M. There is considerable demand for both Red and White Oak Staves, and also ash heading.

TIMBER-But very few rafts have reached market this week. The quality that is brought in, is very inferior, but the searcity of the article causes high prices to be obtained. Only about 3 rafts sold this week, and we know of none remaining on the market. FREIGHTS--Hence, coastwise, remain about as quoted this

day week. Exchange-Firm. See table MARRIED,
